SKILLS

Unity	Adobe Photoshop	Procreate	Mandarin	C#
Maya	Adobe Illustrator	Painting & drawing	English	Java script
Rhino	Adobe Premiere	Pixel art	German	

PROJECTS

Dizillusional

8 months

A narrative puzzle game based on a myth of a minority in south west China. The game contains a dialogue system. I independently developed multiple puzzles that originated from the minority culture with C#. 2D art-making was used for character design based on the concept as well with Adobe illustrator and procreate with drawing skill.

Kenna's tale

6 months

An adventurous side-scrolling puzzle game involves with dialogue and tasks. Players need to explore the world and find the way out of the small village. A skill is apply to the player to affect surrounding elements, created with C# in Unity.

Origin

8 months

A word-play puzzle game based on a worldview that human beings are extinct. Players play the role of archaeologists trying to explore the mystery of human extinction. Eventually, discover the cause of the life cycle in the universe. Procreate, C# are used in this project

Cab House

2 weeks

A pet simulator game in a pixel art style. The project was a collaborative game made by two people in 2 weeks. C# was used for the score system, which decides the pet's life status. I coded the jellyfish's life cycle, which takes place as resources in game. Water tank are was made with Resprite. Unity version control and communication was used to ensure the collaboration process was smooth.
